## BOND ISSUE WARMS DANVILLE VOTERS

Fight for City Offices Also Adds to Interest in Municipal Affairs.

[Special to The Times-Dispatch.] DANVILLE, VA., September 16.—Danville will, on September 28, vote on a municipal bond issue, which is attracting much attention among the voters. It is proposed to issue bonds for \$100,000, of which \$50,000 will be expended in paving West Main Street, \$25,000 for the construction of a new bridge across the Dan River and \$10,000 for street improvements in the Fifth and Sixth wards.

To carry the election it requires a two-thirds majority of those voting, and this to include a majority of the freeholders. Indications are that the election will be close.

A large committee of business men, led by R. L. Dible, is advocating the bond issue, while the opposition is being led by W. R. Mitchell, president of the Board of Aldermen.

**Fight for City Offices.**

A hot fight is being waged for the city offices, who come up for election in November, and the candidates are numerous. A Democratic primary will be held, and while the date has not yet been determined, it will likely be on September 28, the same date as the bond election. Chief interest in the campaign centers around the fight for City Treasurer, five candidates having already announced themselves. George P. Goughgan, who has held the place for many years, declined to be a candidate again. Had he entered the field, in all probability he would have had no opposition.

**In the Fight for Treasurer.**

Those who have thus far announced themselves are E. Lee Swain, W. M. Enright, W. J. Paylor, George S. Moore and J. C. Womack.

Mr. Swain is former president of the Board of Aldermen and was for a number of years a school trustee.

Mr. Paylor has for many years been employed in the City Treasurer's office as a deputy.

Moore, Enright, Moore and Womack are all well-known merchants of the city.

There are two candidates in the field for Commonwealth's Attorney, Thomas Hamlin, who has held the position for many years, being opposed by Harry Wooding, Jr.

No opposition has developed to P. H. Polzeaux, incumbent, and the only one in the field thus far for City Sergeant.

**Buckingham Instructs for Gayle.**

[Special to The Times-Dispatch.] RICHMOND, VA., September 16.—The Democratic Party of Buckingham county, in a mass meeting, instructed the delegates to the senatorial convention to vote for the nomination of Hon. ## BACK ACCHED CONTINUALLY

AN ILLINOIS WOMAN TELLS HOW SHE WAS CURED.

After Six Years of Suffering She Found Just the Remedy for Woman's Ills.

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and depressed is due more often than otherwise to the condition of the blood. When this is at fault everything goes wrong; pain and discomfort are felt all over the body, the head aches and is full of noises, stationary objects appear to move, and the sufferer seems to herself to be sinking down when she is standing upright. The sensations are often terrifying.

The way to remedy this condition is to build up the blood and for this purpose there is no better tonic than Dr. Williams' Pink Pills. They are for men and women but they benefit the latter in a special way.

Mrs. R. E. Carver, of No. 5204 North Forty-Second street, East St. Louis, Ill., gives evidence which should interest every woman who is suffering. She says:

"Six years ago I was taken very ill, but before this I had been in a run-down condition for some time. I could not get around and could hardly straighten up as my back ached continually. I was an invalid, just able to drag around. I had no color. There were dark spots under my eyes. My strength gave out entirely.

"I was treated by a physician at Freeport, Ill., and I would have to say that I was cured. I had about made up my mind to do so when a friend begged me to try Dr. Williams' Pink Pills. I tried the pills to please her but after I had taken a few boxes I had improved so much that I gave them a good trial. The result was that I soon felt like a new person and was cured. I gladly recommend Dr. Williams' Pink Pills to every suffering woman and to every woman who needs strength."

Those who are interested in the treatment which cured this case can obtain further information by writing for the booklet, "Plain Talks to Women," which we send free on request.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50. Dr. J. C. Williams, Medicine Company, Schenectady, N. Y.

Church, was set for trial on October 4, as was also that of Joseph White, a member of the Tarter faction in that church. Tarter and White were charged in the Police Court with assault with a pistol on Levi Myers, a member of the opposing faction, at a church gathering, and were each sentenced to jail imprisonment for six months. They took an appeal, and on trial by jury in the Hustings Court were given a verdict of twelve months in jail. This verdict the court set aside, and the case now comes up on the new trial.

The case of Anne Mickie, colored, indicted for the murder of her husband, Grant Mickie, was set for trial on October 6.

**Public Schools Opened.**

The public white schools were opened yesterday with an enrollment of over 1,600 pupils, which indicates a total enrollment for the session of fully 1,800. There were enrolled 213 in the High School, 800 in Anderson School, 456 in the Duncan Brown Memorial School, and 134 in the Sixth Ward School. In all, the schools the first and second grades were overcrowded.

The colored school opened on Monday with an enrollment of 1,542. Here, too, the classrooms are overcrowded, averaging sixty-four to the room. The two large new buildings to be erected will greatly relieve the pressure in the white schools.

**By Automobile to Norfolk.** Eddie Mann, Wilson Jones and S. M. Green, Jr., well-known young citizens, rode today to Norfolk on Tuesday in an automobile, making the trip in five hours and fifteen minutes, over very bad roads. They became stalled several times, and decided to return home by train.

## PARDON WANTED FOR A DEAD MAN

Governor of North Carolina Thinks the Party Is Out of His Jurisdiction.

REQUISITION FOR FARMER

Man in a Virginia Prison Wanted for Assault With Deadly Weapon.

[Special to The Times-Dispatch.]

RALPH, N. C., September 16.—The novel question of the right of the Governor of North Carolina to pardon a dead man is put squarely up to Governor Kitchin in a case from a Western county, and Governor Kitchin has appointed Attorney General Bickett for an opinion. The ruling of the Attorney-General has not yet been given out, but it is understood that he has taken the view that the dead man is not within the jurisdiction of the Governor of North Carolina.

The history of the case seems to be that a fine and costs aggregating something over \$100 was entered against a defendant in this Western county Superior Court, and a friend was accepted as surety for the payment of the fine and costs. Soon thereafter the defendant died, and now demands for the law's enforcement are constraining the county officials to require the surety to pay up for the dead man. The Superior Court judge was appealed to and said he was powerless unless the deceased defendant was pardoned. In that event he could remit the fine and costs as against the surety. The Governor was appealed to and returned an answer that he did not consider the question of a pardon for the dead man involved, and taking the ground that the judge could simply make an order in the case relieving the surety from payment.

The judge has reiterated his position that the Governor could and must pardon before he, as judge, could grant any relief. Then the Governor appeared to the Attorney-General, and the result that this legal arm of the State government declares it as his opinion that the dead man is not within the jurisdiction of the Governor of North Carolina. It is understood that he further suggests that if the Superior Court judge does not feel authorized in relieving the surety, for whose relief there seems to be general demand, then the case could rest until the next session of the General Assembly, when a special act could certainly be introduced providing the relief considered necessary.

**Requisition Issued.**

A requisition on the Governor of Virginia was issued to-day by Governor Kitchin for Grant Farmer, who is wanted in Caswell county for assault with deadly weapon. Farmer is now in jail in Danville.

There are also charges against the Norfolk and Western, Chesapeake and Ohio, and Baltimore and Ohio, in which they are charged with operating freight equipment in interstate traffic that did not conform to the Federal statute.
